

## Passport, Visa & Health results for your trip to New Zealand

Type: Critical

### Summary

**No**, the documentation you hold is NOT sufficient for the journey you have specified.

Type: Critical

### Visa New Zealand

Visa required.

### The following should be taken into account even if holding a Visa:

Visitors are required to hold proof of sufficient funds to cover their stay. The amount of funds needed is NZD 1,000.- per person per month of stay or NZD 400.- if accommodation has been prepaid. Evidence of funds may be in the form of cash, traveler's cheques, bank drafts, letters of credit or the following credit cards: Diners Club, American Express, Bankcard, Mastercard and Visa. If Visa label contains "Funds Waived", evidence of sufficient funds is not required.

### Warning:

Passengers with a passport with an Australian citizen or a New Zealand citizen endorsement do not require a New Zealand Electronic Travel Authority (NZeTA).

Type: Ok

### Health New Zealand

This information is for guide purposes only. Other health organisations may recommend alternative precautions.

Vaccinations not required.

Type: Critical

### Visa Australia

Visa required.

### The following should be taken into account even if holding a Visa:

Airlines can verify the status of an electronic visa holder by using Australia's Advance Passenger Processing (APP) system before boarding the aircraft. Verification by airlines using Australia's Advance Passenger Processing (APP) system will require the details of the travel document that the visa is issued against.

Type: Ok

### Health Australia

This information is for guide purposes only. Other health organisations may recommend alternative precautions.

Passengers arriving within 6 days after leaving or transiting countries on Australia's list of yellow fever declared places, at [www.health.gov.au/yellowfever](http://www.health.gov.au/yellowfever) and not holding a yellow fever vaccination certificate are subject to quarantine for 6 days. Australia's

yellow fever declared places reflects the list of countries with risk of yellow fever transmission with these exceptions:- Argentina limited to only the Misiones Province; and- Galapagos Islands excluded from Ecuador.

### Exempt from Yellow Fever vaccination:

Passengers transiting countries with risk of yellow fever transmission if not having stayed overnight or longer in these countries.
